Welcome to Egypt – Marhaban bikum fi Masr
مرحباً بكم في مصر

Dear Industry Partners

It is my distinct pleasure to invite you to the 31st ESCRS Winter Meeting to be held from 17 to 20 March 2027 at InterContinental Citystars in Cairo, Egypt. The InterContinental Citystars offers modern facilities, a comfortable setting, and a very convenient location close to Cairo International Airport.

Egypt is one of the cradles of civilisation and has one of the longest medical traditions, developing for more than four thousand years. In March 2027, one of the centres of medical knowledge will host the ophthalmic community from around the world to discuss the innovations shaping the future of eye care.

We will organise the meeting in co-operation with the Egyptian Ophthalmological Society (EOS), in collaboration with the Egyptian Society of Cataract and Refractive Surgery (EgSCRS) and the Egyptian Society of Ocular Implants and Refractive Surgery (ESOIRS). I would like to thank our Egyptian colleagues for their dedication, expertise and contribution to the development of the programme.

Following the success of our latest Winter Meetings in Athens and Helsinki, Cairo 2027 will offer a concentrated, interactive, and clinically-oriented scientific programme. One of the main themes of the ESCRS programme will be Myopia, which represents one of the major and growing challenges in global eye care. In combination with the programme of Egyptian and partner societies, the meeting will cover key contemporary topics of anterior and posterior segment diagnostics, therapy and surgery - from the cornea and ocular surface to cataract, refractive, glaucoma and vitreoretinal surgery.

Among other activities, participants will enjoy:

- High-level scientific symposia with internationally renowned speakers.
- Clinically-oriented instructional courses dealing with decision-making in daily practice.
- Wet Labs aimed at improving surgical skills.
- Theatre Sessions and case discussions.
- Presentations of free papers and research.
- Direct contact with innovators, industry representatives and colleagues from around the world.

The ESCRS Winter Meeting is intentionally designed to bring people together. The event's concentrated format offers the best conditions for discussion, training, and communication among clinicians, researchers, educators, and industry partners. This is an event where new knowledge is explored, emerging technologies are presented and evaluated, experience is openly shared, and new collaborations are initiated.

For companies active in ophthalmology, Cairo 2027 is a perfect opportunity to connect directly with surgeons, clinical leaders, researchers, and young ophthalmologists; present innovative technologies and solutions; and contribute to the scientific and educational exchange that drives progress in our speciality.

Whichever professional role you play as a surgeon, young ophthalmologist, researcher, educator, industry representative or innovator, Cairo 2027 offers you valuable insights and practical take-home messages as well as the opportunity to contribute to the future of our field.

Please mark the dates, submit your abstracts, and plan to attend. We would also like to invite our industry partners to be actively involved in the meeting and to help us create a scientific platform for our speciality. We are looking forward to welcoming you to Cairo - "the Victorious" city - for four days of scientific exchange, education and collaboration.

Warm regards,

Burkhard Dick

General Sales Information & Priority Points System

Exhibition space will be allocated based on a Priority Points System. Full details on the ESCRS Priority Points system are available after the Annual Congress.

Booking will open initially via restricted presales to companies with priority points accumulated in 2026. Thereafter general sales will open to all companies on a first-come, first-served basis. Ordering will take place via the online booking system or via the online order form. Full details will be communicated to all previous ESCRS sponsors and exhibitors. If you are new to ESCRS, please contact escrs.sponex@mci-group.com to request access for the online booking platform.

The ESCRS 2027 Winter Meeting is being held in partnership with the Egyptian Ophthalmological Society (EOS), creating a unique opportunity to engage with both the international ESCRS community and the local Egyptian ophthalmic market. To support local participation, a dedicated tabletop exhibition area has been established for eligible non-ranked Egyptian companies. These tabletop positions are separate from the main exhibition area and are offered exclusively to approved local exhibitors, while all ESCRS-ranked and international companies may access the standard exhibition and sponsorship opportunities available within the meeting.

Exhibition Pricing

As part of the ESCRS 2027 Winter Meeting, your exhibition space will provide a unique opportunity for exhibitors to showcase your products, services and educational programmes to participants, with an interest in all areas of cataract and refractive surgery.

The layout of the exhibition is expertly designed to ensure comfort for the delegates and optimised visitor flow and therefore maximum exposure for the exhibitor.

General Sales Information & Priority Points System

Exhibition space will be allocated based on a Priority Points System. Full details on the ESCRS Priority Points system are available after the Annual Congress.

Booking will open initially via restricted presales to companies with priority points accumulated in 2026. Thereafter general sales will open to all companies on a first-come, first-served basis. Ordering will take place via the online booking system or via the online order form. Full details will be communicated to all previous ESCRS sponsors and exhibitors. If you are new to ESCRS, please contact escrs.sponex@mci-group.com to request access for the online booking platform.

The ESCRS 2027 Winter Meeting is being held in partnership with the Egyptian Ophthalmological Society (EOS), creating a unique opportunity to engage with both the international ESCRS community and the local Egyptian ophthalmic market. To support local participation, a dedicated tabletop exhibition area has been established for eligible non-ranked Egyptian companies. These tabletop positions are separate from the main exhibition area and are offered exclusively to approved local exhibitors, while all ESCRS-ranked and international companies may access the standard exhibition and sponsorship opportunities available within the meeting.

TAXES

All exhibition, sponsorship, advertising, satellite symposium, registration and other participation fees are quoted **exclusive of any applicable taxes.**

In accordance with applicable Egyptian tax regulations, Egyptian Value Added Tax (VAT) at the prevailing rate of 14% **will be applied to supplies that are deemed taxable in Egypt** (including registration fees and exhibition space inter alia) and will be added to the relevant invoices.

All amounts invoiced by ESCRS **must be paid to ESCRS in full, including any applicable VAT, and without deduction for any taxes (e.g. withholding tax), duties, levies or similar charges.** Should the payer determine that any withholding tax or similar charge is due, the payer shall separately pay any such amounts to the relevant authorities in addition to settling the full amount invoiced by ESCRS.

FORCE MAJEURE

Outwith the scenarios described in the previous section, neither ESCRS nor MCI are responsible for either the partial or total non-execution of the contract in the event of accident, an act caused by a third party, such as Acts of God including, without limitation, credible threats of natural disaster in the geographic vicinity, war, curtailment or interruption of transportation facilities, threats or acts of terrorism or similar acts, governmental travel advisory, a governmental elevation of the terrorism alert level, civil disturbance, the issue of a Travel Warning by the World Health Organization or any other cause comparable events or disaster beyond the parties' control which prevents the Venue from accommodating the clients of MCI for the event or if for the same reasons the event is cancelled by MCI.

In the event of force majeure, the event dates may be changed, or the latter may be purely and simply cancelled.

In the last event, the disposable funds after payment of expenses will be shared between exhibitors in proportion to their payments without it being possible to take recourse against the Organiser or the producer.

INSURANCE

The signatory renounces to take recourse against the Organisers or against the owners of the premises and undertakes to underwrite insurance policies covering all the risks incurred by the company's local rules regarding travelling. All Exhibitors are required to have Public / General Liability insurance with a minimum Limit of Indemnity of 2 Million Euro in aggregate in order to participate in the Congress and associated Exhibition. The Exhibitor shall be liable for personal injury and damage to property caused by the Exhibitor, his or her servants or agents, or by his or her equipment and activities. All Risks cover against damage and theft to the Exhibitors own property, and also to property rented/leased by the Exhibitor, shall also be arranged by each Exhibitor. Cover shall also be arranged for injury to exhibitors own employees, where applicable. Exhibitors shall ensure that any subcontractors engaged by them have similar and commercially reasonable insurances in place. It is the responsibility of each Exhibitor to ensure that they have the required insurance policies in place and the ESCRS is only responsible for damages arising from the wilful neglect of its permanent staff.

Each Exhibitor is responsible for ensuring that they have the required level of insurance in place and that each external (non-venue) contractor engaged to provide services for their booth also have the required level of insurance cover in places for the duration of the exhibition build-up, open days and dismantle. All relevant documentation must be available for inspection on-site at the booth. In any case, the insurance protection will not be given to the exhibitors by the Organisers.

LOCAL AND SITE REGULATIONS

Exhibitors shall abide by the local and site regulations with respect to law and order, safety and security. The Organisers will take appropriate action against those who do not comply with the regulations. The organizers have the authority to demand removal/change of any structure which is not in accordance with the Congress rules or cancel participation. The decision of the organizers will be final and binding.

TECHNICAL MANUAL

A Technical Manual will be sent to every registered exhibitor and sponsor in due time. This manual will contain all information regarding general conditions, safety regulations, setting up of a booth and arrangement conditions, description of the booth, specification documents and maps along with order forms and prices for furniture, decoration and all necessary services (telephone, electricity, transport, storage...)
